

**Amendments to the Specification:**

Please add the following new paragraphs after line 8 at page 20:

Figure 1A represents mass spectrum of cis-dimethanesulphonato-trans-l-1,2-diaminocyclohexane platinum(II), as obtained in Example-9, of the present invention.

Figure 1B represents an expansion of specific peaks of mass spectrum ( $m/z$  515-523) of cis-dimethanesulphonato-trans-l-1, 2-diaminocyclohexane platinum (II), as obtained in Example-9, of the present invention.
